NOTICE OF PUBLIC HEARING

February 7, 2018

Update of the *Chippewa Falls-Eau Claire Urban Sewer Service Area Plan for 2025*

PLEASE TAKE NOTICE that the Chippewa-Eau Claire Metropolitan Planning Organization will hold a public hearing at 7:30 P.M. on February 7, 2018, in the WCWRPC Conference Room, 4th Floor, Suite 401, Building D2, Banbury Place at 800 Wisconsin Street, in Eau Claire, Wisconsin to take testimony concerning the proposed update of the *Chippewa Falls-Eau Claire Urban Sewer Service Area Plan for 2025*.

In accordance with the Federal Water Pollution Control Act Amendments of 1972 (PL92-500) and NR121 of the Wisconsin Administrative Code, the Sewer Service Area Plan anticipates the Chippewa Falls/Eau Claire urban area's future needs for wastewater treatment to help protect communities from adverse water quality impacts through development of cost-effective and environmentally sound 20-year sewerage system growth plans.

The primary purpose of this plan update is to clarify definitions and policies related to environmentally sensitive areas, as well as plan implementation procedures. This was not a full plan update and many sections of the plan were not modified; the sewer service area boundary was not reviewed or changed. The draft plan is available for download at the WCWRPC website:
<http://www.wcwrpc.org/SSAPlanning.html>

For those unable to attend the public hearing, written comments should be sent to West Central Wisconsin Regional Planning Commission c/o Chris Straight, 800 Wisconsin Street, Bldg D2, Mail Box 9, Eau Claire, WI 54703 and must be received by WCWRPC no later than 12:00 PM on February 6th. The MPO will consider any written comments regarding the draft plan update following the public hearing and prior to action on the plan.

Further information or questions, contact Chris Straight, WCWRPC, at 715-836-2918 or chris@wcwrpc.org.
